WeBuyCars Motorcycle Warranty

PRODUCT DESCRIPTION

To provide you, the customer, with peace of mind for unexpected mechanical and electrical failure that might occur. This warranty comprises the following three options: Elegant, Prestige and Executive. To qualify, the motorcycle must be less than 13 years old from date of original registration and have less than 80 000 km recorded on the odometer.

This policy provides an aggregate amount of cover and does not have a limit per component. For example: If you purchase the R50 000 option and you have an engine claim that costs R30 000 to repair, the full amount will be paid, but you will only have R20 000 left to use towards future claims.

QUALIFYING CRITERIA

- Be a used on-road or semi off-road motorcycle only.
- Be roadworthy.
- If the motorcycle does not have an up-to-date service history, it is your responsibility to have the motorcycle serviced within 30 days of the policy's purchase date. This service must be done in accordance with the motorcycle manufacturer's specification for the age and kilometres of the motorcycle at the time, and the service will be for your account.
- The motorcycle must be serviced and maintained as per manufacturer's specifications at an authorised dealer, administrator's approved dealer or an independent service provider (ISP).

EFFECTIVE DATE AND DURATION

The cover commences on the policy's purchase date or on expiry of an existing OEM warranty or maintenance plan and is valid for a further period of 24 months with unlimited kilometres.
