

WeBuyCars Power-Up Warranty

PRODUCT DESCRIPTION:

A Power-Up Warranty has three options. Cover is provided for 24 months or 36 months with unlimited kilometres and will only cover mechanical and/or electrical failures.

QUALIFYING CRITERIA:

This policy can only be taken if an underlying WeBuyCars pre-owned warranty was purchased. Furthermore, it is only available to supplement the Standard option of the WeBuyCars pre-owned warranty. Vehicles with a power output exceeding 220KW are not covered.

EFFECTIVE DATE & DURATION:

The cover commences on the policy purchase date, or after receipt of policy premium or the effective date of the underlying policy, whichever is the latter date. Depending on the option chosen this policy will be valid for either a 24 month or 36-month period.

Should the underlying policy expire prior to this policy cover, this policy cover will remain in force for the remaining period as a standalone policy. In this instance the additional component cover will be payable by this policy according to the cover option chosen by you, until such time as this policy cover expires.

CLAIM LIMITS AND COMPONENTS COVERED

Any number of mechanical/electrical failures that originate from the same occurrence or incident, shall be treated as one claim.

- a) The maximum amount payable for each individual component, is defined in the table above.
- b) The maximum amount payable per claim will be the accumulated limit of each individual component that is covered under this Policy in line with point (a) above but shall not exceed the limit of the major component.

The total aggregate of all claims shall not exceed the current trade value of your car.

EXCLUSIONS

This Policy does not cover the following:

- Any parts not specified under the "Components Covered" section of the policy wording.
- Any repairs undertaken without the prior authorisation of the administrator.
- Any damage caused by theft, hijacking, an accident, malicious damage, misuse or neglect.
- Any cause of failure that existed at the time you purchased your policy.
- Any damage resulting from the fitting of experimental units or modifications, other than those approved by your car's original manufacturer.
- Any standard services and service parts required during routine maintenance.
- Any repairs, should it be discovered that the odometer has been disconnected or tampered with.
- Any claims for repair, replacement or alterations not accompanied by a valid, fully completed and detailed VAT invoice by the Authorised Dealer.
- Any mechanical and/or electrical failure which is recoverable under any other insurance policy, similar to a gap cover Policy.
