## **CLAIM LIMITS AND COMPONENTS COVERED**

Should multiple damages occur at the same time, we will treat them as one claim. The maximum amount payable per claim will be the maximum amount per incident as defined in the Benefit table above but will not exceed the maximum benefit limits of your policy.

The policy does not cover normal wear and tear, which is defined as deterioration, arising through the use or age of the car's tyres and/or rims. However, in the event of a claim being made for damage, no adjustment will be made for the wear and tear to the tyres.
